

TWO-DAY MASTER CLASS

FRIDAY DECEMBER 15TH & SATURDAY DECEMBER 16TH 2017 IN DUBAI

ADVANCED TECHNIQUES IN LAPAROSCOPIC GYNECOLOGICAL SURGERY SHIFT YOUR SURGICAL AMBITION TO SURGICAL ACTION

This two-day master class offers a comprehensive and pragmatic approach to help you increase safely your level of laparoscopic practice.

The program has been specially designed to allow you to further improve your mastery of laparoscopic gynecological surgery and **acquire advanced techniques**.

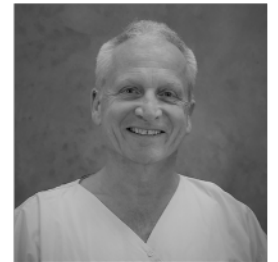

Over the course of two days, the faculty will take you through **all standard gynecological laparoscopic techniques** available with a combination of **theoretical** and hands-on **practical** sessions.

Unedited videos will help demonstrate the technical principles of the **different procedures**. Tips and tricks will also be shared for a wide variety of issues.

During the course you will:

- Review **laparoscopic surgical rules, instruments & patient set-up**
- Explore relevant **pelvic anatomy** for laparoscopic procedures
- Study how to optimize the **use of energy** during laparoscopic procedures
- Review & practice **suturing**
- Take a deep-dive on
 - ✓ Laparoscopic **hysterectomy**
 - ✓ Laparoscopic **myomectomy**
 - ✓ Laparoscopic approach of **endometriosis**
 - ✓ **Reproductive** surgery
- Learn how to manage complications

Register now to attend this master class delivered by two leading professors in laparoscopic gynecological surgery. Availability is limited and attendance will be confirmed on a first-come first-served basis. This training offers CME hours.
